erin	I am unable to access the server	28 Jan, 2:26:04 AM
Dev Dubey	Thank you for contacting ACE. My name is Dev Dubey. I will be assisting you further.	2:26:10 AM
	<i>Dev Dubey is transferring the chat to Support(QB & App Hosting).</i>	2:26:21 AM

	<i>Sharath Kumar accepted the chat transfer request.</i>	2:26:39 AM
Sharath Kumar	Thank you for contacting Ace Cloud Hosting. My name is Sharath Kumar. I will be assisting you today.	2:26:47 AM
erin	oh someone called me	2:26:58 AM
Sharath Kumar	Please let me know the servername and the user account you are signing in with	2:27:08 AM
	From Ace? were they able to resolve your concern?	2:27:49 AM
erin	oh actually no, they say they couldn't help and then hung up on me	2:28:41 AM
	so.... if you can help, let's try	2:28:50 AM
Sharath Kumar	Sure	2:29:44 AM
erin	do we need to set up a remote access? I am unable to connect to server	2:30:21 AM
	I'll send you a screen shot in a second	2:30:41 AM
Sharath Kumar	when was the last time you were able to access?	2:30:44 AM
	<i>2:30:54 AM erin is sharing a file with you image.png - (Size:24.77 KB)</i>	2:30:54 AM
	and what is the username that you are signing in with?	2:30:58 AM
erin	Like an hour ago	2:31:01 AM
	just the user name that pre-populated when I opened the RDC	2:31:28 AM
	<i>2:31:31 AM erin is sharing a file with you image.png - (Size:27.28 KB)</i>	2:31:31 AM
Sharath Kumar	one moment, checking your account	2:32:35 AM
erin	I just got a new laptop so I am trying to access on new laptop, access needs urgent given the upcoming deadline	2:33:32 AM
	Ticket ID: #628703	2:33:54 AM
	Im very curious why it would let me in once, and then stop working	2:34:14 AM
Sharath Kumar	that is strange, your account has all the necessary permissions to sign in	2:34:57 AM
	let me send you a link to get us connected remotely	2:35:45 AM
	Please make sure to close out any confidential information	2:35:57 AM
erin	I tried to see if it was firewall settings but couldn't resolve / didn't know how to	2:36:30 AM
	but i am fine to connect remotely to resolve thank you	2:36:51 AM
Sharath Kumar	one moment please while I setup the remote connection	2:37:26 AM
erin		2:37:46 AM
Sharath Kumar	https://assist.acecloudhosting.com/join/8482719917	2:40:33 AM
erin	hi@	2:41:55 AM
	!	2:41:56 AM

Sharath Kumar	We are connected on the remote session and will proceed with the troubleshooting on the remote. Till the time, I am putting the chat on hold, please do not disconnect it. Once the issue is resolved, kindly give your confirmation on this chat.	2:41:59 AM
	There you go, Erin	2:44:20 AM
	The gateway was not mentioned in that particular RDP file	2:44:36 AM
	I have configured it and saved that info to your desktop	2:44:54 AM
erin	thank you! Would it be possible to send information on what you just did? like an email with the steps? I am collecting troubleshooting info for myself and my team	2:44:57 AM
	trying to avoid this type of hangup during tax season	2:45:14 AM
Sharath Kumar	Absolutely, just give me some time and I'll send that information via email	2:45:26 AM
erin	can you actually stay on the remote view for one minute?	2:45:30 AM
Sharath Kumar	Sure	2:45:34 AM
erin	I want to check something, an issue I've been having. I just got a new computer so I don't know if it will recur, but if it does, I'd like your thoughts on it	2:45:51 AM
	I am going to log into Payroll 2024, and I'm checking to see if I can view the app correctly. If I see the same issue I'll point it out to you	2:46:19 AM
Sharath Kumar	okay, I am watching your screen	2:47:01 AM
erin	well, looks like I have a different issue now one minute	2:47:42 AM
Sharath Kumar	take your time	2:47:51 AM
erin	ah yes, it's recurring. I think I need WAY more ram for all of my users, ATX recommends 16 and I was SHOCKED that as a product that advertises to be an ATX hoster that your included RAM is so far below basic system requirements.	2:49:37 AM
	In any case, please watch me navigate the tool menus. Is this a RAM issue?	2:49:51 AM
	I cant use the dropdown menus or see them unless I use my keyboard, if I do that I still cant see the menus but I can select with arrows and enter	2:50:35 AM
Sharath Kumar	let me change the display settings from the connector, lets see if that resolves your concern	2:53:20 AM
	The usage on the server is optimal so I am not sure if this is due RAM or any other resource usage	2:54:11 AM
erin	then why is this app using 65% of it?	2:54:50 AM
	https://support.atxinc.com/includes/ATX%202024%20System%20Requirements.pdf	2:55:18 AM
	sorry, you are the expert so I'm happy for you to resolve this particular issue with display settings!	2:55:36 AM
	Just want to also address the RAM issue.	2:55:43 AM
	since either way I am only at 50% of what is recommended, and my employees are at even less	2:56:16 AM
Sharath Kumar	my apologies, I just saw your message on the other app	2:56:19 AM
	I will have a check with someone on this	2:56:45 AM
	for the meantime, am changing the display settings	2:57:02 AM

erin	I dont think i have any choice but to but the bullet but I cant believe your base RAM amount is only 5, when one of your most commonly hosted apps requires 8 and recommends 16	2:57:04 AM
	Your rep told me they would increase our ram to 8 free of charge, but they only increased it for me and not my employees, and 8 isn't enough anyway	2:57:31 AM
	thats interesting, why is more than half my ram in use with nothing open	2:58:40 AM
	lol	3:00:39 AM
	nightmare of a day	3:00:47 AM
Sharath Kumar	try ATX again	3:06:22 AM
erin	can we update mine to 16 RAM so we can see?	3:08:10 AM
	then I can think about upgrading the others?	3:08:20 AM
	Are there any discounts, based on the pricing I received 16 ram for everyone is going to be a gigantic price increase	3:08:40 AM
	that frankly make me reconsider continuing with Ace in 2026	3:09:00 AM
Sharath Kumar	Erin for the pricing part I will have to discuss it with the appropriate team	3:09:43 AM
erin	yeah, the price I got sounded like it would be like \$2,000 more, per month. Am I missing something	3:11:40 AM
Sharath Kumar	I am checking with the team for a resolution/workaround	3:15:15 AM
erin	Notes for the sales people: My bad \$600. but that is still astronomical. team needs 48 RAM, and only has 18, so would need 30. I was quoted 4 gb for \$80 per month. So $30 / 4 = 7.5 \times \$80 = \600 . So to get adequate RAM they want to charge me \$7k extra in a year? This can't be right	3:15:25 AM
	base requirement RAM should not be premium service at almost \$1,000/mo	3:16:10 AM
	Thank you!	3:16:25 AM
Sharath Kumar	waiting to hear from them	3:17:24 AM
	may I have someone reach out to you for this who can provide you with more information	3:18:30 AM
	Please let me know what will be an appropriate phone number and time to reach you	3:21:27 AM
	I have disconnected from the remote session for now	3:22:24 AM
erin	1-360-951-4072 would work, that's my cell	3:22:55 AM
	But I often miss calls or have it on silent, it would be helpful if they can text or email me before calling. Or, at least give me the number / area code the call may come from. I'll forget and not answer an unknown number	3:23:32 AM
	My millennial is showing	3:23:40 AM
Sharath Kumar	Sure, I will ask the person to check for your availability first.	3:24:23 AM
	anything else that I may assist you with?	3:24:47 AM
erin	Not for now, but I expect there'll be more later! Thank you very much for all your help. I will keep an eye out for someone to reach out to me about the RAM, and for an email from you containing the troubleshooting steps we took in order to fix the RDC	3:27:45 AM

Sharath Kumar	I will do that	3:29:00 AM
erin	p.s. re RAM. I did just get a new computer, so it is clear that it's not my RAM. I updated my laptop from 16 to 48, if that is useful for the notes	3:29:57 AM
	have a good rest of your day and thank you again	3:30:12 AM
Sharath Kumar	You may end this chat now. Once you end this chat, you will receive an email from us regarding this conversation, along with a ticket number and survey feedback form.
