catherine.cochran	Thank you
Ashutosh Mishra	It appears the license has expired as from the backend also we are getting the same message.
catherine.cochran	It only does this on my laptop though, not on my desktop at work
Ashutosh Mishra	Is this issue occurring only for you, or are other users on the server also experiencing it?
catherine.cochran	Only me
	And it works fine on my desktop at work
	it is only this laptop that I am currently on

Ashutosh Mishra	Since the license is installed on the Ace server so it does not depend on local machine. It could be that since last time you mentioned it was persistent for all users or not?
catherine.cochran	Yeah it is not the issue. I verified it already
Ashutosh Mishra	Sure i will attempt some changes from backend and let you know if it is resolved.

catherine.cochran	Yes that is fine
Ashutosh Mishra	Thanks for the confirmation !
	Please login after two minutes.
catherine.cochran	Will do!
Ashutosh Mishra	I have attempted some changes however there are no issues from the backend, the license has expired and need to be renewed.
	Currently QuickBooks will remain in view only mode, I would suggest reaching out to the Intuit support for renewal assistance.
catherine.cochran	The license is fine on all other computers though
Ashutosh Mishra	Is your work desktop available right now so we can check for the discrepancy and isolate the issue? (Edited)
	Are we still connected here?
catherine.cochran	We are still connected, I am at home today and don't have access to my desktop
Ashutosh Mishra	Will any other user login today? we can reach out to you over the phone and check for the concern once other users also log in.
catherine.cochran	Yes They will be there at 8
	I was logged in on my desktop yesterday afternoon and then tried my laptop right after and it wouldn't work

	Hello Shari
shari	hi i'm back lol
Shashwat Verma	I will surely help you with this issue.
	Let me know, which user you are using to open the QB file? (Edited)
shari	I am currently logged in as myself... but joel.b, aadmin will also need access to this file
Shashwat Verma	Okay, let me remote in and check this issue, as Qb ent 24 icon is placed on mentioned username?
	Will take access from the server side.
shari	ok I just logged off
	so please remove the other QB from joel.b and aadmin
	so they don't get confused
Shashwat Verma	Yes, I have already done that
	Kindly login and let me remote in your account, to check the prompt of QB
shari	ok I am logged in as sbray
Shashwat Verma	I'd also like to inform you that I've given special preference to your account to ensure you won't receive MyPortal prompts.
shari	thank you!
Shashwat Verma	No problem
	Prior providing the access, I would suggest you to close any important documents at your end.
shari	all set
Shashwat Verma	Kindly accept the invite.
	Please try again now. What were you attempting to do with the file?
shari	Import a backup
	but it won't open in accounting 2024 says I need QB Enterprise
Shashwat Verma	Okay
shari	I don't think I have that on my login

Shashwat Verma I just open the Qb accountant 24, let try to open that file with it.

shari that is what I tried

Shashwat Verma Okay got it

Let me check from backend

Shari, we have just confirmed with Intuit that a QuickBooks Enterprise 2024 company file is not compatible with QuickBooks version.

shari yes

Shashwat Verma Have you first time using this file on the server? (Edited)

May I know the source where you get it from?

shari yes - I am just moving this client over. They were previously hosting on their own server. Melissa stated we would be able as well as Joel.b and aadmin

Shashwat Verma So, you have your own separate QuickBooks Enterprise 2024 license, correct?

shari no melissa does

the customer is cancelling his licenses

I am not sure if JK Services has Enterprise but I can check

I accesss enterprise on my other login for blue isle

Shashwat Verma In that case, you can ask Melissa to share the license details with us. Alternatively, if she would like to purchase a license

You can access Qb Ent account on the server, right?

shari yes with my other login

Shashwat Verma Not the general Enterprise version 24

Yes, I have checked all 3 servers of your company

And you have only Qb Ent accountant versions installed.

shari blueisle-ent.myrealdatal.net

Shashwat Verma Yes, I have checked this one too.

*3:37:22 AM Shashwat Verma is sharing a file with you
[image.png](#) - (Size: 9.01 KB)*

This is on blueisle-ent.myrealdatal.net.

shari yes that is the version I need on blueisle -drake

Shashwat Verma But even though you can't open this file with this.

You can read it as its clearly mentioned accountant version of QB Ent accountant 23.

shari that is the Enterprise solutions... It is enterprise accountant which is different from Desktop accountant or how can I convert the file to desktop

Shashwat Verma

	Shari, there are two types of QuickBooks: the Accountant version and the General (standard) version. On one of your servers, you have the General version installed. To open the file you're referring to, you'll need a license for the General QuickBooks Enterprise 2024 , which is a commercial license.
shari	I just logged into my intuit account and I do have a Quickbooks Enterprise license 675572815680164
Shashwat Verma	Kindly allow me two minutes to check the same.
shari	ok
Shashwat Verma	May I check your intuit portal to see all your License information for the transparency of the case?
shari	sure but I don't know how to do that
	company ID is 286676458
Shashwat Verma	Let me remote in and share you the link on the chrome
shari	ok
Shashwat Verma	Kindly connect to server as Sbry
	This message has been deleted
shari	I am logged in to Intuit outside of the server
	my sbry login uses the blue isle licenses
	I was trying to move the Beacon file to the sbry log in to test
Shashwat Verma	Okay, kindly use this link for remote session
	https://assist.acecloudhosting.com/join/4612472398
	Kindly Click on the link and open the downloaded file.
	We will first check if any QuickBooks Enterprise (General Edition) licenses have been issued for your company.
shari	my sbry login will not connect either
Shashwat Verma	No problem, will check that too.
	Kindly use the above link
	We are connected on the remote session and will proceed with the troubleshooting on the remote. Till the time, I am putting you in touch with our support team.
	As you can see all of the versions are accountant version.
shari	yes but per Intuit I can access the Quickbooks enterprise solution file with Quicbooks Enterprise Accountant
Shashwat Verma	Let me just try the same thing on your Blueisle-Ent server, by accessing the beacon file with that Qb on Blueisle-Ent
shari	I just need the enterprise accountant added to the drake server... I can use my license instead of Melissa's now that I control the server.
Shashwat Verma	Okay
	Will respect your request and will install the QB ent acc 23 on the Blueisle-Drake server also.
	Is that work for you?
shari	yes thank you
Shashwat Verma	Shari, with all due respect, we will need authorization from Melissa, as this is part of the installation process.

	We also recommend that you add yourself as a point of contact (POC) on the account for any future requests.

	So, could you please confirm on which version you would like to upgrade Quickbooks? (Edited)
	Right now, you are using Quickbooks Pro 2019.
dansilver315	I'm using Pro 2022

	<p>But I already spoke with customer service at Intuit and downloaded the file we need to install for the new version</p> <p>I just can't open it or install it on the server</p>
	<p>I need Pro 2024</p>
Yash Ahi	Alright, so we would also require the license information, as the product code of QB 2024 is different from QB 2022.
dansilver315	I have the information from them
Yash Ahi	Additionally, we also need to migrate you to a new Shared server, as QB 2024 is not supported on the current shared serv
dansilver315	A 15 digit license code and also a 6 digit code
	ok - can it be completed by tonight or tomorrow morning or how long does that take typically? I need to run payroll
Yash Ahi	So, we request you to provide us an authorization email from dan@silvermedstaff.com to support@acecloudhosting.com as well
dansilver315	ok I can do that right now - how long does the migration take?
Yash Ahi	Once we receive the email, we will proceed with your request and we will make sure this is done by today night hours.
dansilver315	great!
Yash Ahi	Once the migration is completed, we will share the new login details and information with you over the email.
dansilver315	I just sent the email
	Oh but I didn't include the licensing number informaion - should I do that also to the same email?
Yash Ahi	Yes you can just reply on that email.
dansilver315	Done
	just sent
Yash Ahi	Alright let me check.
	Okay Daniel. So, we have received the email, and we will proceed with the migration in night hours. Once it is completed,
	Is there anything else I may help you with ?
dansilver315	Will you also install the new version for me?
	not just the migration
Yash Ahi	Yes, that will be installed, and all the data will be migrated to the new server.
	Nothing to worry about Daniel.
dansilver315	and will my login information be the same in Microsoft Remote Desktop?
Yash Ahi	No Daniel, your login information won't be same.
	As the server name, username and password will be changed.
dansilver315	Ok - how will I get access to that?
Yash Ahi	We will send you credentials over the email.
dansilver315	excellent - thanks!
Yash Ahi	Incase you face any issues with the setup, you can call us at 888-415-5240.
