

# How to do QuickBooks Payroll update?

**Meta Title:** How to Do QuickBooks Payroll Update?

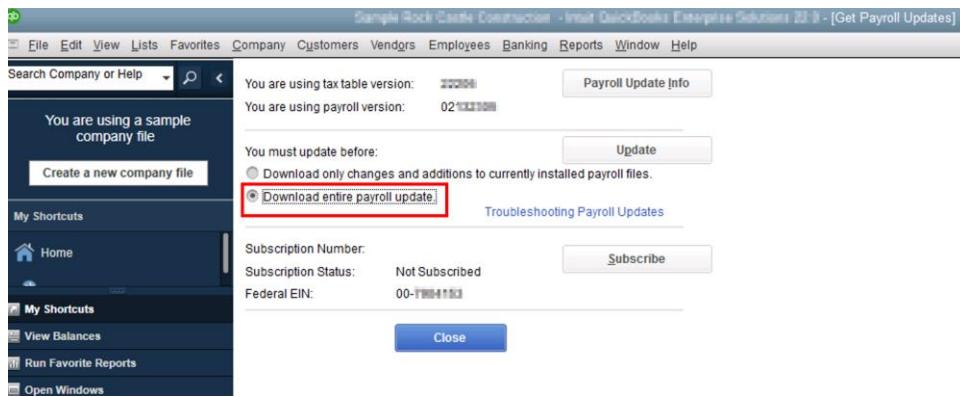

**Meta Description:** Stay up to date with QuickBooks Payroll by learning how to perform hassle-free updates. Ensure accurate and efficient payroll management with ease.

This article explains how to get the most recent payroll tax table in QuickBooks Desktop Payroll in order to maintain compliance with paycheck computations.

You need to currently be subscribed to QuickBooks Desktop Payroll in order to change your tax table.

Learn how to do QuickBooks Payroll update and install QuickBooks Desktop's most recent tax table by following the below steps:

1. Select **Employees** from top-menu bar and then click **Get Payroll Updates**.
2. Select the checkbox next to **Download entire payroll update**.

3. Select **Download Most Recent Update**. A window with information opens once the download has been completed.

## Benefits:

Here're the 2 benefits of doing QuickBooks Payroll update:

- **Compliance with Payroll Regulations:** Payroll rules and tax laws are subject to periodic modifications. By constantly updating QuickBooks Payroll, you guarantee that your payroll calculations, tax tables, and forms are correct and consistent with the newest rules. This helps you avoid penalties, fines, and legal concerns relating to payroll compliance.

- **Accurate Payroll Calculations:** Payroll updates in QuickBooks integrate the latest tax rates, wage limitations, and other pertinent information. By keeping up to date with these adjustments, you can be certain that your employees' pay checks are appropriately calculated, including deductions, taxes, benefits, and any other payroll components.

### **Conclusion:**

By conducting frequent QuickBooks Payroll updates, you can maintain payroll compliance, precise calculations, timely tax filings, and access to the newest features and upgrades. This helps you handle your payroll more efficiently, avoid mistakes, and keep correct financial records, thereby saving time and costs while complying with payroll rules.
