Pam Peterson	OK, thank you. Are you able to get me the icon that it shows when I first start the chat and it says I can click on that icon to close out? I don't have it on my task bar.	12:26:23 AM

Pam Peterson	I don't see it. can you please direct me?	12:33:39 AM
	OK, thank you. Now I see it. Can I get it down on the tool bar? If QB is frozen it blocks the screen and then I couldn't see it.	12:34:33 AM
Ashutosh Mishra	Sure, just right click on the icon and select "Pin to taskbar"	12:35:10 AM
Pam Peterson	It doesn't give me that option but did say pin to start and I should be able to see that and hopefully access. I can try that the next time. Thank you.	12:36:04 AM

Heather Fuemmeler	Is it still open but not really open on Dana's computer? She sent me a picture of it. We may need to get out of it there	11:14:57 PM
Adarsh Singh	We need to log off the company file from Dana computer. I am requesting a remote session please ask her to accept the invitation.	11:16:39 PM
Heather Fuemmeler	It might be letting me in oh dang it it acted like it was going to then closed my quickbooks	11:20:55 PM 11:21:14 PM
Adarsh Singh	Yes, you are correct. I will run the Quickbooks Tool hub now. I will need 5 min to do this.	11:21:51 PM
Heather Fuemmeler	One sec it just let me in	11:22:08 PM

	but then closes immediately	11:22:15 PM
	go ahead and do what you need to do	11:22:23 PM
Adarsh Singh	Alright, lets try again.	11:27:25 PM
Heather Fuemmeler	That is what it did before lets me login then closes quickbooks	11:30:56 PM
Adarsh Singh	I have restarted the service could you please try to sign in now thanks for your patience while working with me.	11:31:46 PM
Heather Fuemmeler	So it will open the missouri file, its just the texas file that wont open	11:34:04 PM
	Ok looks like i'm in. Can I try to go out and get back in again to make sure then see if dana can log in?	11:35:58 PM
Adarsh Singh	We have got a workaround for you. First, we have to open sample file and then open the required QB file which needs to be opened. Please try to close QB and open as requested as well as please ask Dana to follow the same.	11:37:30 PM
Heather Fuemmeler	It is letting me in can you fix on Dana's computer? Then I need to have you fix on Dezerea's as well	11:40:28 PM
Adarsh Singh	We are able to open on Dana's end please ask her to verify. Now i will take the remote session for Dezerea's as well.	11:43:36 PM
Heather Fuemmeler	Ok sounds good I told Dezerea	11:44:00 PM
Adarsh Singh	It seems the request was declined. Please ask to accept the prompt so i can connect remotely to assist further.	11:45:36 PM
Heather Fuemmeler	She didn't have anything pop up	11:48:20 PM
	shes in the server now can you send the request to take her computer	11:48:32 PM
Adarsh Singh	Sure we are connected now	11:52:48 PM
Heather Fuemmeler	she cannot operate the file in a secondary file. So I told her to close the secondary file and go to previous company to select tx. She only needs access to the TX company file	11:58:33 PM
	make sure you don't have other files open	19 Nov, 12:01:22 AM
	She said its already open	12:01:30 AM
Adarsh Singh	Sure, we are able to open the file now could you please check and verify.	12:03:01 AM
Heather Fuemmeler	She said it opened then crashed	12:04:36 AM
Adarsh Singh	As suggested, when we open QB, it will ask you to sign in so we have to cancel the sign in prompt open sample file and then Go to File > Open previous company file.	12:06:53 AM
Heather Fuemmeler	ok sounds good she said it works	12:08:51 AM
Adarsh Singh	Glad to know that. As of now you can continue your work and we will request our team for clean reinstallation of the QB as this seems to issue with the installed package once done we will update via email.	12:10:25 AM
	Please let me know if you do have an additional question for me ?	12:10:47 AM
Heather Fuemmeler	no other questions	12:11:45 AM
Adarsh Singh	Thanks for your patience for working with me Heather and i will make sure you get a permanent fix.	12:12:30 AM

Corne Hugo	Good day. Our user Mechiel copied the second company file named Pribio Commissions but the transactions that he did do not show in the same file on my side.	6:00:46 PM
Shubham Maurya	I will be surely assisting you with this. Kindly help me with your server name and user name?	6:01:41 PM
Corne Hugo	Mine is Pribio.myrealdta. My username is Corne	6:02:08 PM
Shubham Maurya	Thank you for the information, please allow few minutes to check the same.	6:02:54 PM
Corne Hugo	Thank you.	6:03:31 PM
Shubham Maurya	Thank you for your patience, Corne. As you mentioned, the second user copied the company file, it means they are working from a different file location while you are using the original one. Therefore, both files are currently not in sync. In such cases, you may need to contact Intuit for assistance in syncing the two files.	6:08:11 PM
	We recommend that all users access and work on the company file from the same shared location to avoid such issues in the future.	
Corne Hugo	Will you be able to help sync the file? Please?	6:09:08 PM
Shubham Maurya	We would be happy to assist with this if possible. however, we currently do not have a tool available to merge company files. Intuit may have a solution or tool that can help with this process.	6:11:32 PM
	The best option, if not much work has been completed, would be to resume working on the same company file again.	
Corne Hugo	Ok, will you able then to send him the correct file?	6:12:33 PM
Shubham Maurya	You mean you want them to share file from correct location, same which you are using right?	6:13:31 PM
Corne Hugo	Yes please as he need to also now work on the company file on his computer	6:14:26 PM
		6:14:36 PM
Shubham Maurya	Sure, let me check at your end what is the correct location of the file, which we can share with the second user.	6:15:21 PM
	May I take the remote access of your server?	6:15:29 PM
Corne Hugo	Thanks	6:15:30 PM
	Yes please	6:15:35 PM
Shubham Maurya	We are connected on the remote session and will proceed with the troubleshooting on the remote. Till the time, I am putting the chat on hold, please do not disconnect it. Once the issue is resolved, kindly give your confirmation on this chat.	6:16:43 PM
Corne Hugo	Ok	6:16:55 PM

Shubham Maurya	Please open QB and share the company file name on which you are working right now.	6:17:11 PM
	This is the file location of your company file where you are working right now.	6:21:15 PM
	Make sure other user is able to access this folder, you can share it with them right now and get a confirmation.	6:21:44 PM
	<i>6:34:33 PM Shubham Maurya is sharing a file with you image.png - (Size:159.02 KB)</i>	6:34:33 PM
	<i>File which second user is using is outside the folder</i>	
	Drive is same E drive but to make the sync happen, complete file location and name should be same. (Edited)	6:35:08 PM
	Aks him to check if he is able to open Pribio BK folder and then open the same file from there or not.	6:36:48 PM
Corne Hugo	Ok	6:37:17 PM
Shubham Maurya	If you want you can open the same file which he is using and check the transaction data over there.	6:41:35 PM
Corne Hugo	He is busy checking	6:41:47 PM
Shubham Maurya	But then keeping using this same file to make the sync happen.	6:41:55 PM
	Thanks for your patience with us as we can see that your issue is resolved now and no further assistance required.	6:48:53 PM

Acebuddy	Please wait while we connect you to a Support Representative	10:25:36 PM
	<i>Acebuddy (bot) forwarded the chat request</i>	10:25:36 PM
	<i>Luv accepted the chat transfer request.</i>	10:25:41 PM
Luv	Thank you for contacting Ace Cloud Hosting. My name is Luv. I will be assisting you today.	10:25:54 PM
	Okay, can you please share your server name?	10:26:15 PM
Raymond Crump	RWCCP1	10:26:21 PM
Luv	Kindly allow me two minutes to check the same.	10:26:30 PM
	I am working on it please stay connected.	10:28:29 PM
	I just checked the parameters on your server, the ram usage is above 90% and both harddrives have less than 15 percent space at the moment, I can try to clean up some files but performance mainly depends on Ram when more users are logged in at the same time. Please let me know what files i can delete?	10:31:35 PM
	<i>10:32:02 PMLuv is sharing a file with you 7.PNG - (Size:38.43 KB)</i>	10:32:02 PM
Raymond Crump	i need to add more storage, can we speak regarding account changes or do i need a diffferent rep?	10:32:21 PM
	and you feel it is a storage issue and not a RAM issue?	10:32:51 PM
Luv	Id suggest increasing space on both drives, since all programs fetch the data from C: drive while they are running and Ram is used in the moment. I can send you plans over the email for both you can choose them and let me know, thanks.	10:34:16 PM
Raymond Crump	sounds great, thank you.	10:34:39 PM
	is there a suggestion for a certain percent to be free memory?	10:35:09 PM
	free available storage?	10:35:30 PM
Luv	Okay Since you are running Sql database 20-25% free is safer, especially for databases (e.g., QuickBooks, SQL runtimes) for both hard drives and for Ram but sustained usage above 85-90% can cause slowness.	10:37:27 PM
	For ram its not fixed but I would suggest the usage should be around 70 percent when all users are logged in and working on the server, currently its above 90 percent constant hence the bottleneck.	10:38:30 PM
Raymond Crump	should i increase RAM?	10:39:12 PM
Luv	Yes definitely that will ensure that all programs work smoothly in real time and storage depends on you but definitely increase it on the C: drive to be on safe side as the data is going to increase nonetheless.	10:40:38 PM
Raymond Crump	you will send me RAM option by email too please?	10:41:04 PM
Luv	I can send the quotation for both and suggested increase for storage at about 20 percent from current over the email, after you choose we can adjust on the server accordingly.	10:41:47 PM
Raymond Crump	thank you	10:42:04 PM

Luv	No worries, is there anything else I can help you with?	10:42:22 PM
Raymond Crump	no thank you	10:43:31 PM
Luv	Thank you for choosing ACE cloud Hosting, you have a wonderful day.	10:43:40 PM

For this renewal, you require to connect with intuit support team, they will assist you on this.

11:55:14 AM

itsupport I have connect with him yesterday but the conclusion is that the payment issue, but I have done the payment so, why I'm unable to use QB please assist me

11:57:04 AM

Shubham Kataria If you've already spoken with the Intuit support team and the issue is related to payment, please note that any payments would be made directly to Intuit. Since Intuit is a separate company, Ace Cloud Hosting provides only the server where you can access and use QuickBooks.

11:59:13 AM

Once intuit will get the payment from you, they will renew the QB subscription

12:00:07 PM

and you will able to access QB without any issue

12:00:24 PM

As I checked, one of our engineers attempted to arrange a three-way call with Intuit Support on your behalf, but the call could not be connected. He then advised you to contact them directly by following the steps below:

12:03:02 PM

Please click on the **Help** tab in QuickBooks, then select **Contact Us** to start a chat with Intuit Support regarding your license or subscription issue.

	Carr, thank you for sharing the error message	12:48:30 AM
	Sir, please let know the reason for using the Self-care portal. Do you wish to change your password for the server?	12:50:58 AM
Chad J. Carr	Do I need a reason?	12:51:28 AM
	My bookkeeper is having problems with her login to the regular portal. I am trying to troubleshoot the situation.	12:52:21 AM
Yash Kalra	Sir, please use the Myportal to manage users: Link: https://myportal.acecloudhosting.com/	12:54:06 AM
	As I can check you are the user adminstartor	12:54:54 AM
Chad J. Carr	I do have access to my portal.	12:55:04 AM
	Yes, I am the admin.	12:55:15 AM
	What would I use the Self Care Portal for and why don't I have access to it?	12:55:58 AM

Yash Kalra	and Selfcare portal is used by users having access TFA to change password and manage their TFA authentication	12:56:34 AM
	and as I can check users on your account are not enable for the TFA.	12:57:13 AM
Chad J. Carr	What does the TFA stand for?	12:57:43 AM
Yash Kalra	Sir, TFA stands for Two-Factor Authentication, which adds an extra layer of security by requiring a verification code along with the password to log in. (Edited)	12:58:28 AM
	Sir, would you like to enable TFA for your users? (Edited)	12:59:24 AM
Chad J. Carr	Gotcha. So as the admin, would there ever be a reason that I would need access to this?	1:01:45 AM
Yash Kalra	Sir, TFA just adds another layer of security which help to protect your data by adding another authentication factor. And as a admin you can use My portal to manage users.	1:03:36 AM
	May I take the remote access of your local computer to check for the resolution to this error?	1:04:16 AM
Chad J. Carr	Not at this time.	1:04:39 AM
	I'm sending the error message my bookkeeper was having.	1:04:44 AM
Yash Kalra	Please ask your bookkeeper to: Username: ChadCar Password : Same as your server password once.	1:05:56 AM
	<i>1:06:34 AM Chad J. Carr is sharing a file with you Kelly Error Message.jpg - (Size:993.45 KB)</i>	1:06:34 AM
	Sir this is an another issue.	1:07:20 AM
	Please reset this user password using myportal	1:07:46 AM
	This error message usually occurs when you are entering a wrong password.	1:08:27 AM
	Or else please provide me your users password for accessing the server so that I can check it from the backend, (Edited)	1:09:04 AM
